Dear Colleagues,

I would like to take this opportunity to recommend Ms. Sydney Bailey to those persons seeking a well-trained and dedicated young Language Arts educator. I have had the pleasure of knowing Sydney, in a professional capacity as her Student Teaching Supervisor. During this time, I have found her to be highly motivated and very capable. She is an individual of honesty and integrity who works diligently to meet the needs of the young people she is serving. Sydney has shown to be an extremely competent individual with great potential.

As a person, Sydney is congenial and engaging. She is open-minded without being mindless and is honest and ethical in all her dealings. In a word, she is a mature individual who gets along well both in difficult and pleasant situations. She not only works well with other educators and parents, but has a special gift for speaking and communicating with young people.

While at Miami, Sydney has volunteered as a tutor and has been involved in Miami University's Counsel of Teachers of English. In addition, Sydney has been involved in various organizations that work directly with young people, the OMA Club at Miami and the Girl Scouts of America. She has also been recognized by the Kiwanis Club for logging over a 100 Service Hours.

During the times I have observed Sydney; I have found her to be enthusiastic, creative and innovative. She brings a number of thoughts and ideas to the table along with an energetic, enthusiastic attitude. Her Cooperating Teacher at Mason High School has conveyed that she not only interacts well with her but also with the entire faculty.

I wholeheartedly recommend Sydney Bailey to those people seeking an outstanding individual and educator. As a former school administrator, I feel Sydney will be an asset to your school system. She is the type of young professional who has peoples' best interest in mind at all times, and who takes the time and effort to make things right.

Sincerely,

Richard Hamilton
Miami University Student Teaching Supervisor
